PUBLIC NOTICE

Implementation of Electronic Payment of Civil Fees

Effective October 27, 2020

Orange County Superior Court will implement a new process for Civil cases, where trial and other court related fees can be paid using the court's mobile application or online via the Court's website. This process will be piloted in the following Civil courtrooms:

C13 – Judge Melissa R. McCormick
C14 – Judge Robert J. Moss
C15 – Judge Nathan R. Scott
C24 – Judge Thomas A. Delaney
C31 – Judge Richard Y. Lee
C61 – Commissioner Carmen Luege

This project was made possible through grant funds awarded by the California Court Innovations Grant Program.

The current process requires attorneys and litigants appearing for trials or hearings to proceed to the Civil clerk's office to pay fees. This program will automate and streamline the process and allow for enhanced public access. Additionally, it will improve ease of use when paying court fees and will not require waiting in line in the clerk's office. Through this process, payment methods are being modernized and will be available 24 hours a day.

The court will assess the pilot in the near future to consider expansion to additional Civil courtrooms.
