

NEW COURTROOM AND EVIDENCE PRESENTATION EQUIPMENT

Effective Date: July 1, 2015

NEW FAMILY LAW COURTROOM – L611

Due to the limited size of several Family Law courtrooms, a proposal was submitted to build a larger, more efficient courtroom to improve access and security to the public. Approval and funding were received by the Judicial Council and construction began in late 2014.

On July 1, 2015, Department L611 will open its doors to the public. The courtroom is located on the 6th floor of the Lamoreaux Justice Center, in the area previously occupied by the Domestic Violence Assistance Program (DVAP). DVAP has been relocated to the 7th floor, room 705.

EVIDENCE PRESENTATION EQUIPMENT

Recently, several family law trials were moved to alternate courthouses due to the lack of evidence presentation equipment. The moves to another location created significant impacts to operations. At the direction of the Family Law Supervising Judge, an assessment was conducted and five courtrooms were selected for installation of the evidence presentation equipment.

The five courtrooms are as follows:

- L64
- L65
- L66
- L73
- L611 (new courtroom)

For the remaining 12 general family law courtrooms a plan will be developed to move Judicial Officers to the equipped, larger courtrooms as the need arises, and as approved by the Family Law Supervising Judge. Additionally, the Court will purchase one mobile evidence presentation unit which will be shared between Family Law and Juvenile courtrooms.

Installation has been scheduled for after hours beginning the week of July 6, 2015.
